Wes Oppegaard, Owner

Auctioneer's comments: Wes has been busy for over 5 decades accumulating everything from Antiques, collectibles, to contractor and industrial tools. Wes has filled a 6,000 square foot storage building with everything known to man, and it is now time to clear it out. We could not possibly get a listing of all items to be sold, there are too many, and it will take a crew many days just to unpack the boxes to see what treasures might be discovered. We will sell the cars, tractor, bigger pieces of shop equipment, barber chairs, and all horse drawn and farm machinery the first day; we will sell as much as we can on Saturday and will attempt to finish the sale on Sunday.
