Note: Tom was well known in the Bemidji area and had many careers here. One of his main interests, however, was his Berry patch! Tom owned Uncle TL's Berry Ranch, he primarily grew and sold Blueberries, Currants, Raspberries and raised Honeybees, and did woodworking. It becomes apparent when visiting the Farm and his shop that he did everything well and top quality all the way. From the workmanship evident everywhere to the tools and equipment he bought, it is all impressive, the best of the best and meticulously maintained, often tagged with the latest service records and notes about each piece. Most tools are industrial grade, Makita, DeWalt and Craftsman top the list. 90% of the sale appears as though brand new and ultra clean. You can buy with confidence on this one. ALL ITEMS ABSOLUTELY MUST BE REMOVED ON THE DAY OF THE SALE! The property has been sold and the new owner will take immediate possession. So bring your trailers.
